Update on Merger with Lakshmi Vilas Bank

- Received approval from Competition Commission of India [CCI] in June 2019
- Application for approval of merger has already been made to RBI, NSE and BSE
- To ensure continuity, the Board of Directors of IBH has recommended that Mr. Sameer Gehlaut be proposed as the non-executive chairman and Mr. Gagan Banga as the MD and CEO, of the amalgamated bank
- The amalgamated bank will focus on the MSME/ LAP loans and housing loans business opportunities
 - Commercial Real Estate [CRE] book is being reduced through refinance etc
 - MSME/LAP loan book share is being increased

Working towards Banking Approval:

Reduction in Commercial Real Estate Exposure

- Since the announcement of merger in April 2019, in under three months, IBH has reduced its CRE exposure by ₹ 6,005 Cr through refinance etc.
- These assets have been bought/ refinanced by some of the most marquee names in the industry, which is a testament to the quality of our developer loan portfolio

Adequate Provisioning Buffer and Strong Track Record of Recoveries

- ₹ 1,932 Cr have been recovered in the last five years, which corresponds to 71% of the ₹ 2,735 Cr of incremental slippages in this period of cases of > ₹ 10 Cr exposure
- Secured loan assets ensure a high degree of recoverability as demonstrated by the recent recovery from Palais Royale case, where the SARFAESI process was upheld by the Supreme Court and the money was recovered after four years since the project first went into litigation
- IBH's OakNorth Bank stake valued at ₹ 3,000 to ₹ 3,500 Crs is also available to create additional provisioning buffer if required, without impacting profits

Addressing the Misinformation on Social Media

- To quell these rumours once and for all, Indiabulls Housing Finance has decided to voluntarily submit its sources of equity funds in public domain since the inception of the company, and the details of all its investors till date. The accuracy of this complete data of the company since its inception may be verified by anyone

Sameer started Indiabulls in the year 2000 from a 150 Sq. Ft. office near Hauz Khas bus terminus in New Delhi and along with management teams, has built the companies brick by brick over the years. He or his promoter companies have no loans outstanding from any banks, NBFCs, HFCs or borrowers

Loan Against Property Myths

LAP Myth 2: Asset inflation is mainly responsible for LAP portfolio quality

3-Year Amortization Experience for IBHFL	
Contracted Amortization	23%
Actual Amortization	51%

Residential price inflation is from NHB Residex weighed with population of constituent cities

Fluctuation in property price inflation has no direct correlation with the repayment capability of LAP borrowers

LAP Myth 3: Real Estate Price Deflation will Inflate LTVs

	At Disbursal	2 Years Later	
Property Value	100	70	Price deflation by 30% over 2 years
Loan Amount	50	32	Repayment of 20% per annum
LTV ²	50%	46%	Real LTV

- Assuming an extreme case 30% price deflation over a two year period, repayment rate of 20% per annum will mean that actual LTV will not rise

LAP Myth 4: Refinance drives LAP repayment rates

- Full pre-payment, a proxy for refinance, has been low
- An average of 76% of repayments are from clients' business cash flows, not from loans being refinanced

LAP Grading

A Pioneering Initiative for Improved Risk Management and Greater Transparency

Loan Against Property Grading from CRISIL

- Sourcing quality sustained through transition to GST
